

Low-Cost Internet!

for as low as \$10 a month

Visit connect.dc.gov
Text **CONNECT** to 83224

Connect.DC is partnering with EveryoneOn to make low-cost Internet and computers available to District residents.

Getting connected is easier than you think. Here's how:

1. Visit connect.dc.gov or text CONNECT to 83224 for more info about low-cost offers.
2. Check your availability (including coverage for wireless offers).
3. Purchase the service that's best for you and your family.

Frequently Asked Questions

How can access to the Internet improve my life?

With Internet access, you can search for a job, help your children do homework, access government services, pay bills online, and stay connected with family and friends.

How do I access these offers?

You can access the discounted offers at connect.dc.gov on your smartphone. You can also enroll online at your local library, a friend's or neighbor's house, or by visiting one of our promotional partners.

How much do these offers cost?

Through our partnership with EveryoneOn, Internet service is as low as \$9.95/month. Some offers may include a one-time equipment fee of up to \$40. Computers cost as low as \$150.

What if my Internet or computer is not working?

Unfortunately we are unable to troubleshoot these problems directly. We encourage you to contact your service provider for assistance.
